Subject: REMINDER - WEEKLY NOTES & CAT

OEP WEEKLY NOTES REPORTING

The weekly notes should include items from the Policy and Press Actions and Public Outreach Planner Reports, but can also include other activities which you think might be of interest to the RA and DRA, and/or the OEP Director and Deputy. We use the weekly notes to create a weekly message for Curt and Deb, so this is a chance to convey information he or she might not otherwise hear.

Just a reminder to please **Upload Your Notes into our OEP Weekly Notes MS OneDrive Folder** by 12:00 pm Thursday, November 13, 2014. Please maintain our standard font – **Calibri 11**

Here is a link to the site

OEP Weekly Notes

Please note our standard font is Calibri 11. Here is a sample of our format, which features a title in bold text above the summary (see example below)

Air Quality

On May 27, ozone concentrations in excess of the 2008 8-hour ozone standard (0.075 ppm) were measured along coastal Connecticut. One monitor also exceeded the 1997 8-hour ozone standard (0.08 ppm). These are the first ozone exceedances in New England in 2014.

CAT KEY PROJECTS REPORT

Please update your “Key” projects in CAT by COB November 14, 2014. Include the projects on Nancy’s list (below), archive any current projects that are done, and uncheck the “key”

designation if projects are ongoing but not hot. Nancy will periodically send an email of hot topics to be included in the key projects list. At a minimum, CAT should be updated each Friday by COB.

OEP Related Regional “Key” Topics Include

2013 Climate Change Conference	ME NOx Waiver and OTR Restructuring
